

# attaching corner cabinet hinges to a door

## Caring for your Kaboodle parts and accessories

Looking after your parts and accessories is really easy and with the right care and maintenance they will last you for many years. Just follow these simple steps.

Hinges, runners and other parts and accessories should be kept dry at all times. To keep the mechanisms performing at their best, regularly wipe them with a dry cloth removing any dust and grime that may build up. In case of spills, clean immediately with a dry cloth. Do not use harsh abrasives.

hardware key

<b>A</b> 	<b>B</b> 	<b>C</b> 
135° hinges x 2	165° hinges x 3	14mm wood screws x 30

## removing hinge plate

1.

remove the hinge from the hinge plate by pushing on the release tab.

## attaching hinge plate to cabinet

2.

attach with screws through the elongated holes.

**Note:** if plastic lugs not in pre-drilled holes, fix into place carefully using a hammer first.

## attaching hinge to 1st door

3.

attach with screws.

**Note:** if there are no plastic lugs in the pre-drilled holes, then fix into place carefully using a hammer first.

install 2 more screws per carcass hinge plate (i.e.: a total of 4 screws) in round holes once the hinge has been adjusted!
